Pembridge Neighbourhood Development Plan General Questionnaire Report

Introduction

Pembridge Parish Council and its Neighbourhood Plan Steering Group are developing a Neighbourhood Plan for Pembridge Parish. As part of this process Residents' views are needed and have been collected by a resident survey. A number of open meetings were held in the parish to explain the NDP process and the importance of the questionnaire.

This report presents the basic results from the survey which was conducted during September 2014. The report has been independently produced by Data Orchard CIC, commissioned by the Pembridge Parish Council, and based directly on the residents' responses to the distributed questionnaires.

Version history

Issue 1.0 – Report to the Pembridge Neighbourhood Plan Steering Group

Presentation of results

This report presents the results of the survey mainly in the form of tables and charts. For the most part the base for each question is the total number of respondents who answered that question. However, if 10% or more of the total survey respondents didn't answer a particular question that is applicable to everyone, the base for that question is considered as the 'total survey respondents'. For those questions where a substantial proportion have not answered, it is considered that using the total survey respondents as the base and showing how many did not answer gives a more appropriate representation of respondents' opinions. In this report, an * indicates the situations where this has been used.

The tables show the number and percentage of respondents who selected each option. When percentages are presented, they are rounded to the nearest whole number. This may give rise to occasions where the total number of respondents sums to just under or over 100%. Note that if respondents could select more than one answer to a particular question, the percentages may add up to more than 100%.

Survey methodology

During late August/early September, questionnaires were hand delivered to all households in the Parish, with enough questionnaires given out to each household for all residents aged 18 or over to fill one in. Under 18 year olds were given space to input but not invited to fill in the questionnaire. Residents had up to three weeks to fill it in before they returned it, either by handing it back to the volunteer, left for volunteer to collect in a suitable location or dropped at a central location: The Olde Steppes. All of the questionnaires were collected by one of these methods by the time the survey closed four weeks after the delivery of the questionnaires started.

A copy of the survey can be found in Appendix 1

Results

Response to the survey

According to the 2011 Census, the total number of people aged 18 and over, usually resident in the group parish on 27th March 2011 was 850¹. Based on this census figure, responses have been received from 35% of residents aged 18 years and over.

Residents who responded to the questionnaire	Census 2011 Resident population	
	Number	% of population responding
Total respondents	301	35%

Note: 6 respondents didn't give their age band.

¹ Table KS102EW - Age structure. ONS Crown Copyright Reserved [from Nomis on 19th November 2014]

The survey was divided into the following main sections

Housing and development

Enterprise, the local economy and business

Features, facilities and amenities

Tourism

About you

Any additional comments, suggestions and contributions from those under 18 years

Housing and development

1. Which of these statements best reflects your views:

	No.	%
12% growth over 20 years is about right for Pembridge Parish	148	50%
12% growth over 20 years is too much for Pembridge Parish	67	22%
12% growth over 20 years is not enough for Pembridge Parish	51	17%
No Opinion	6	2%
Don't Know	27	9%
Total respondents	299	
Not answered	2	

2. If additional development land was required for Pembridge village would you prefer:

	Yes	No	Don't know	Not answered	Total respondents	Base*
Potential sites are located adjacent to the existing development boundary	106	33	14	148	153	301
Potential sites are located close to the existing boundary but within walking distance of village facilities (with identified pedestrian/cycle routes to facilities)	114	29	9	149	152	301
Potential site are located in the outlying hamlets	73	46	9	173	128	301
Potential sites are a mixture of the above	99	45	8	149	152	301
Potential sites are judged upon individual merit	142	31	9	119	182	301
No opinion	4	15	11	271	30	301

* Note: Base is total number who answered the questionnaire (301)

	Yes	No	Don't know	Not answered
Potential sites are located adjacent to the existing development boundary	35%	11%	5%	49%
Potential sites are located close to the existing boundary but within walking distance of village facilities (with identified pedestrian/cycle routes to facilities)	38%	10%	3%	50%
Potential sites are located in the outlying hamlets	24%	15%	3%	57%
Potential sites are a mixture of the above	33%	15%	3%	50%
Potential sites are judged upon individual merit	47%	10%	3%	40%
No opinion	1%	5%	4%	90%

There were 12 other comments made. For a full list of comments please see Appendix 2.

3. Do you feel Pembridge Parish is best suited to:

	Yes	No	Don't know	Not answered	Total respondents	Base*
Large developments in a single location (11 - 30+ dwellings)	10	140	6	145	156	301
Medium developments (6 - 10 dwellings) in several different locations	47	87	11	156	145	301
Small schemes (3- 5 dwellings) in several different locations	146	42	5	108	193	301
Individual or pairs of houses in several different locations	160	17	3	121	180	301
A mixture of the above	51	57	7	186	115	301
No further development	26	63	11	201	100	301
No Opinion	3	18	10	270	31	301

* Note: Base is total number who answered the questionnaire (301)

	Yes	No	Don't know	Not answered
Large developments in a single location (11 - 30+ dwellings)	3%	47%	2%	48%
Medium developments (6 - 10 dwellings) in several different locations	16%	29%	4%	52%
Small schemes (3- 5 dwellings) in several different locations	49%	14%	2%	36%
Individual or pairs of houses in several different locations	53%	6%	1%	40%
A mixture of the above	17%	19%	2%	62%
No further development	9%	21%	4%	67%
No Opinion	1%	6%	3%	90%

There were 12 other comments made. For a full list of comments please see Appendix 2.

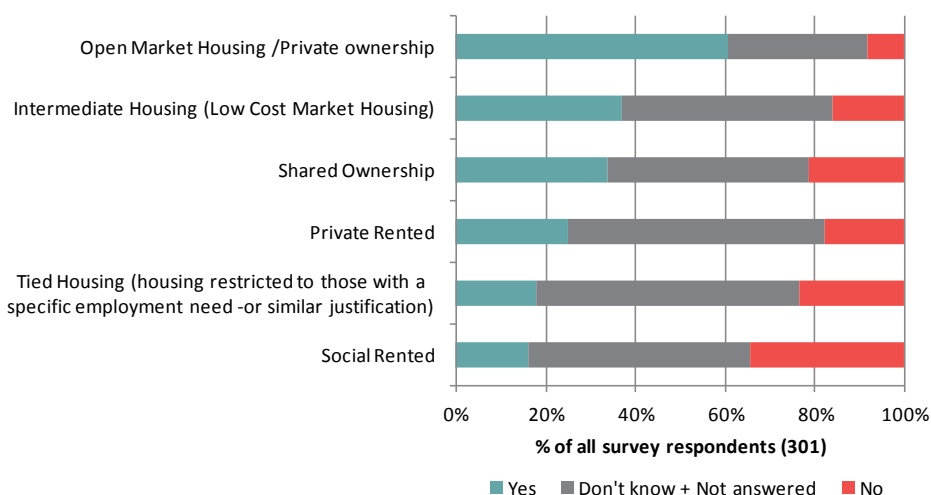

4. Which of the following tenure types do you feel are needed or best suited to Pembridge Parish:

	Yes	No	Don't know	Not answered	Total respondents	Base*
Social Rented (homes managed by a Housing Association at subsidized/ discounted rates to eligible people registered with Home Point)	48	104	32	117	184	301
Private Rented	75	54	27	145	156	301
