

Pembridge Neighbourhood Development Plan

General Questionnaire

HOUSING AND DEVELOPMENT

*In the emerging Core Strategy, Pembridge is identified (with 121 other settlements) as a sustainable settlement suitable for 'proportional growth' of new housing. The indicative proportional growth as suggested by the council for the Kington Housing Market Area (of which Pembridge is part) is **12%**, over the period 2011 – 2031. At this stage this figure is only indicative and the PNDP will help establish a more detailed target. Other villages such as Kingsland, Eardisland and Weobley have higher percentages of indicative growth.*

For illustrative purposes there are approx. 227 houses in Pembridge Village which might suggest around 1.5 new houses per year for Pembridge to meet the CS suggested growth target.

1 Which of these statements best reflects your views:

- | | |
|--|--------------------------|
| | <i>Please tick one</i> |
| 12% growth over 20 years is about right for Pembridge Parish | <input type="checkbox"/> |
| 12% growth over 20 years is too much for Pembridge Parish | <input type="checkbox"/> |
| 12% growth over 20 years is not enough for Pembridge Parish | <input type="checkbox"/> |
| No Opinion | <input type="checkbox"/> |
| Don't Know | <input type="checkbox"/> |

Historically new housing has been restricted to areas inside the 'development boundary' of Pembridge Village (see enclosed map), or converted buildings, replacement dwellings and rural exception sites (e.g. Affordable Housing).

It is unlikely that the current 'development boundary' of Pembridge village could accommodate many more houses. Therefore the PNDP needs to identify the most appropriate locations for new housing during the plan period (2011 – 2031).

2 If additional development land was required for Pembridge village would you prefer:

| Potential sites are judged upon individual merit | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
