ACTION

The Chairman requested that the order of the Agenda be altered, as follows:

H108 Guest Speaker – Dave Chillery, Logistics Manager, Kingspan:

The speaker outlined his role as Logistics Manager, and invited questions from the councillors. There was then general discussion relating to recent HGV traffic incidents that had occurred in the village, and the fact that drivers delivering to and from Kingspan still do not all seem to be aware of the correct route in and out of the site.

It was explained that very good information and maps are given to all haulage companies by Kingspan (samples were shown), and Dave needed to be made aware of which companies are not complying with the information. He requested that in future, if details of registration numbers and names of haulage firms could be provided to Kingspan that they would follow this up, with the aim of reducing such incidences. E Mail: dave.chillery@kingspan.com

There was a suggestion that perhaps it could be made impossible for vehicles to turn left out of the site towards the village, by changes to the road layout; and this will be considered.

In addition, Kingspan will look at improving local road signage.

The Chairman thanked Mr. Chillery for attending the meeting.

H109 Planning – Cllr. G. Evans:

Change of use of agricultural building to a dwellinghouse (use class C3).

"It was noted that this application is for a prior approval determination for a change of use and as such the new legislation does not require you to respond to this communication."

However, the Parish Council did wish to comment as follows:

Comment: This building is not suitable for conversion to a dwelling house, and it does not meet the criteria, as it has not been an agricultural building.

P141733/F 2 Noke Cottages, Noke Lane, Pembridge. HR6 9HW

Erection of single storey building in garden for use as a micro bakery in connection with home working. Adjacent log store. Alternate use of building would be garden office.
